

The HFM EuroHedge Emerging Manager Awards took place on the evening of 16 November at the elegant and intimate space at Clothworkers Hall, London.

The HFM EuroHedge Emerging Manager Awards are one of the most influential hedge fund awards in the annual calendar, with the best performing smaller and recently launched funds all vying for industry wide recognition and celebration. The event's unique, performance-based evaluation metrics mean that winning an Award is a critical success factor for funds seeking to attract investment and key staff.

We would like to say a huge congratulations once again to all the winners for their excellent and impressive achievements over the past year!

Thank you to our sponsors:
